DEDICATION

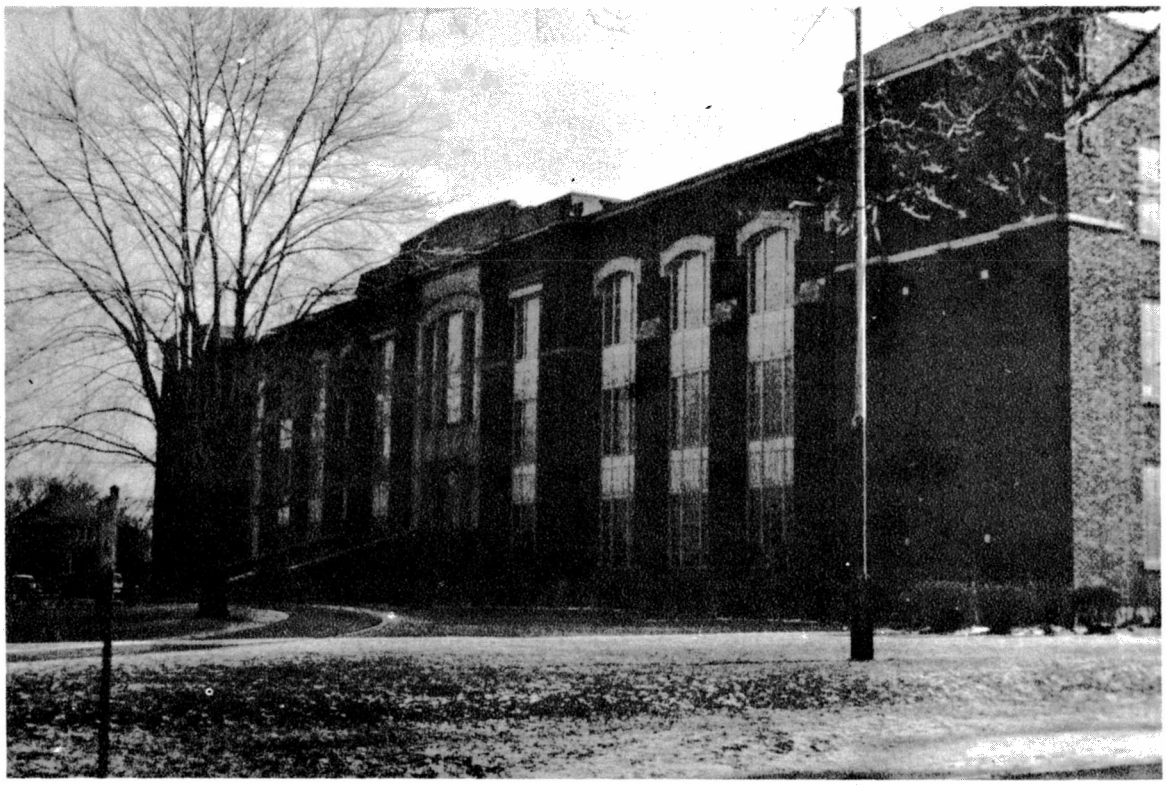

MISS P. WELMAN

Miss Welman is retiring from the Sarnia Collegiate Institute and Technical School this year after teaching Home Economics in one school for thirty-nine years, under six principals. Miss Welman has an education of a cosmopolitan type, most of it acquired in London, England, New York, U.S.A., and in many parts of Canada.

Miss Welman, being an artist and a designer had no intention of teaching permanently when first asked to teach night school at Central Technical School Toronto; she is still surprised that thirty-nine years has been taken up by it. Miss Welman has no positive plans for her retirement because her many hobbies such as painting, music, drama, horticulture, travelling, and reading will keep her busy and happy.

We proudly dedicate this fiftieth edition of the Ad Astra Annual to Miss Welman — an excellent teacher who will be well remembered by all who were taught by her at S. C. I. & T. S.

Foreword

"Man strokes, though with a little axe,
Hew down and fell the hardest-timber'd oak."
--Shakespeare

"Gutta cavat lapidem saepe cadentis aquae"
--Ovid

Previous themes of recent forewords have been based on such titles as THINK, WORK, CHARACTER. Another very important quality for success in education and in life is DISCIPLINE.

Two of the greatest civilizations that the world has ever known were imbued with the spirit of DISCIPLINE. The rugged Romans and stern Spartans rose to pre-eminence through devoted dedication to their daily tasks. Christ Himself told his disciples: "And he that taketh not his cross, and followeth after me is not worthy of me".

S.C.I.&T.S. is the home of athletic and social champions. Our football champions were born on the back campus as they disciplined their bodies through rigorous practice. Our band and SCITS Revue won their laurels through disciplined hours of painstaking practice on the stage and in the music room. Our basketball and gymnastic champions toiled similar hours on the courts of the gymnasium.

Academic champions must also be prepared to give "blood, sweat and tears" as they mount the steep rungs of the educational ladder. Resolve to discipline yourself today to a dedication of your studies. Let nothing deter you from this worthy task.

On behalf of the students and staff I would again thank the Ad Astra officers who have produced another fine magazine through their devotion to duty.

Written in 1920

With the aid of a bewildering pile of blue-prints, we have been able to picture for ourselves the coming new school. Would you visit the S.C.I. of two years hence? This is at least part of what you will see.

The spacious entrance leads up a short flight of stairs, and lo!—not a cramped classroom or narrow corridor, but a lofty auditorium accommodating on the ground floor and galleries about eleven hundred persons. Investigating further, we examine the well-arranged stage with its dressing rooms on either side and its access to the gymnasiums below for the convenience of school dramatics. But to return. The reception room is at the right of the front entrance and beyond it we catch a glimpse of the principals sanctum and its adjoining secretary's office. We turn now to our left where we have detected a subdued hum of voices. Following the sound, we enter the library and see beyond busy groups preparing for the coming debate in the sunny reading rooms at either end.

We receive little attention because visitors to the new school are no rarity, so we wander out again and, coming upon a flight of stairs, descend to the ground floor. The Cafeteria is closed since it is now long past lunch hour, but this is an advantage for it gives us an opportunity to examine at leisure the two long serving tables and the boys and girls lunch rooms. A door at the back of the serving tables and the boys and girls lunch rooms. A door at the back of the serving room excites our curiousity. We open it to find that it leads down a few steps to the boys' gym, and at once we guess that the Rugby Banquet is no longer held down town. The girls' gym adjoining is fitted with the newest apparatus as completely as the boys'. A short examination of the dressing and shower rooms and we are at the swimming pool in the south wing. This we have heard is one of the largest in Ontario, measuring seventy-five by twenty-five feet, and in this airy room under the clear sky lights it looks the part.

We try to find the particular door through which we entered the ground floor but apparently with poor success, for when we regain the first floor we are in a hitherto unexplored wing. A large room furnished with typewriter gives us our bearings at once. This is the Commercial Department! We pass three large classrooms and then poke inquisitive heads into a little room which proves to be occupied by the medical nurse. When we express a desire to examine the Science Rooms she obligingly escorts us to a wide stairway.

The west wing of the second floor is occupied by the Science Department. The Lower School students are given a classroom where they are initiated into the mysteries of Biology. The odorous fumes of the Chemical Laboratory are retained where they will not interfere with the efforts of the experimenter in the Physical Laboratory. The Upper School Zoologists perform their fell deeds upon frogs and crayfish in the privacy of their special room where they will not harrow the tenderer feelings of the Middle School students. In the lecture hall, theory is taught, though we suspect, too, that more than one social evening has been spent here by some enterprising form club.

The whole east wing comprises the Technical Department, reminding us that this building is not purely a Collegiate Institute, after all. The suite of rooms we find delight fully homelike and, after viewing the models in the dressmaking and millinery rooms, the ladies of the party decide at once to enroll in the night classes to learn to make their own Easter bonnets. Again we descend to the first floor to make an interested survey of the downstairs portion of the Technical Department. The machine shop, auto and motor mechanics room, plumbing, steam fitting and electric wiring rooms are filled with complex apparatus.

Absorbed in our passing study of the unfamiliar machines we are surprised to find ourselves once more in the main corridor. We peep into several rooms opening off this hall and judge from their rows of shining desks that they are classrooms. Proceeding to the front entrance we again catch a glimpse of the reading room where the students are now one by one closing ponderous research volumes and preparing to leave. We walk down to watch the lively play in the tennis courts and to admire the noble structure in its beautiful surroundings.

(I wonder what ever happened to that Tennis Court).

Editorial

The past year in the history of S.C.I. & T.S. has been a truly successful one in all aspects of school activity.

The 1964 Graduating Class won a great many scholarships and awards and we are proud of this scholastic achievement. Our congratulations go to our two Ontario Scholars. It is hoped by all concerned that the class of '65 will expand this record and place our school at the top in the academic field.

In the athletic field the Blue and White proved their superiority when the senior school captured the Senior Basketball and Volleyball Championships and, once again, the City Football Championship. The school is justly proud of all its athletes and we say "Well Done" to all players and their coaching staffs who brought honour to the Blue and White.

In the Arts the school again reached the top of the ladder. The school band under Mr. Clothier has presented concerts and supplied music for many school activities demonstrating their true showmanship.

The S.C.I.T.S. Club under Mr. Sauve presented an unparalleled revue which received praise from all who saw it and forced an extra performance to handle the over-flow crowd. Mr. Sauve also directed the Drama Club in two outstanding plays.

This year is a milestone in the publication of the Ad Astra Annual as it is the 50th edition of this magazine. I would like to express my sincere thanks to the entire staff of the magazine and especially to Kerry Kirby for her excellent work as layout editor and to Mr. Taylor our staff adviser.

I am honoured to have been editor of this edition and I sincerely hope you will not only find enjoyment in its pages but aleo a sense of pride and destiny as you join the ranks of all the S.C.I.T.S. students who, in past years, have been the essence of 50 Ad Astra Annuals.

THE SARNIA GENERAL HOSPITAL

School of Nursing

Offers an approved course to High School Graduates seventeen years of age and over. The minimum entrance requirement is the Secondary School Graduation Diploma with four options, one of which is science, but preference will be given to students who have more than the minimum requirement, when factors such as interest and aptitude seem equal.

It is an advantage for students to complete Grade 13 before entering the nursing school. Students registering in Grade 13 should consult University Calendars for assistance in choosing courses so post graduate education will be possible for those who wish to go on after nursing school.

Valedictory Address

by David John

Mr. Saunders, honoured guests, fellow graduates, teachers and friends, it is with a great sense of honour and pride that I represent this year's graduates of the Sarnia Collegiate Institute and Technical School. Those of us who have graduated realize that this is a great step forward in our lives.

We have completed a phase and are aware of the amount of work that was involved in reaching this stage; we have a sense of achievement in this and a deep satisfaction in having pleased our parents and teachers; but it is important that we know why they have led us to this point.

One answer is undeniable; namely that the most effective tool for material success is education. Specialized training is essential. But if material advantage is the only motive behind our efforts, we are missing the point.

During our school careers, we were subjected not only to academic endeavours, but also to social and athletic training. Many might say that the last two should be brushed aside as unimportant, but I think that they are equally vital. Academic excellence is and always should be stressed, but we must obtain a balance between the three fields, not only now, but later on, so that our education may be rounded and so our lives.

Furthermore, we must realize that we are not only learning for ourselves, but also for others. It is clear that only a few can ever be on the top wrung of excellence in any field. However all of have capabilities of some sort. It is our duty to use them, to cultivate our interests and abilities which not only may be beneficial to us, but also to many others.

Thus we are able to evaluate our experience in education to this point and are only now beginning to reap its full benefits as we draw nearer to our various goals in life. Only now we realize its true importance. But when we started years ago, we were unaware of its necessity. However, we were guided by those who knew, and along the way and I use the words advisedly, they prodded and helped us and thus are at the core of our success. Without these people, our parents and teachers, we would not be here today and would have little chance of reaching towards worthy achievement in the years ahead. We acknowledge our debt to them, a debt which we can never repay except with our deepest thanks and sincere attempts to continue in the way which they have led us.

We now begin the process of learning to stand alone. We have been given an opportunity, which, with guidance, we have taken. We face an even greater test. Although we feel at this time that we have learned much in the past, we will soon realize how little we really know. How inexperienced we are! We must prove ourselves equal to a new challenge put before us as we move out into a new world. We can not afford to rest on our laurels, we are commencing to claim our place and recognize our duty as adults of tomorrow.

As we leave the Sarnia Collegiate for the last time, we reflect upon our days here of friendship with both teachers and fellow students and wish success to all those who follow us. Let me conclude with the thought of one of the great teachers of the human race: "Let us run with patience the race that is set before us, looking unto Him who is the greatest example and teacher of mankind".

Letters to the Editor:

Dear Sir:

For many years I have been sorely troubled by the overly complicated ways in which many of our every day words are spelled. Accordingly, I would like to outline below, a ten-year programme which I believe would eliminate easily and painlessly the complexities of our modern methods of spelling. Any efforts on your part to promote the adoption of this system will be appreciated.

The year 1966 would be devoted to the successful elimination of the soft "c" which is obviously replaseable by "s". Likewise, in 1967 all other "c" 's would become "k" 's. Thus, we sertainly would have no further konsern with this konsonant. However, sinse it would still be found on all typewriter keyboards, we would use it as a replasement for the bothersome "th". Cis would okkur in 1968.

Next ce suffix "ing" would be attakked. Cis problem would be solved by removing ce excess "in". 1968 will sufficiently long for akkomplishig cis khange.

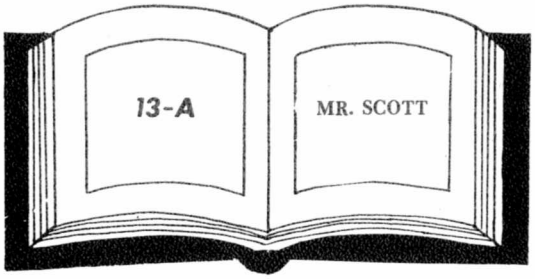

Sertainly you are beginnig to see ce progress we are makig. 1969 would see ce end of all double konsonants, long no cig exses bagage. Now cese cigs are realy shapig up. 1970 would be haled as ce year to remove unesesary double vowels. Onse agan words become simpler. In 1971 cose anoyig final "e" 's wuld disaper. Anocer step to esy efortles spelig.

C last cre years wuld ad ce finishig tukhes. In 1972 al "y's wuld giv wai to "i" 's and in 1973 cis sam "y" wuld tak ce plas of "sh". Finali in 1974 al "ph" 's and "gh" 's wuld bekom "f" 's.

Cer iu hav it. Ten yort iers and evericig is rigt. Spelig is somecig to g lafed at. A khild kan now us an alfabet unklutered wic exses leters. Welkom to c brift ag of komplet konkord on c mater of korekt spelig.

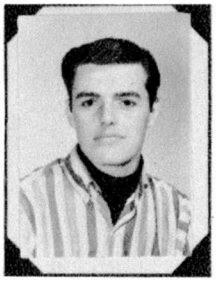

Sinserli iurs,

ROSS MACKINTOSH

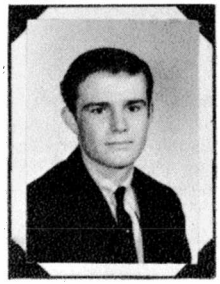

RICK KAY
Rick was born at an early age. He finds all school work difficult and was even compelled to repeat kindergarten for failing sandbox. His main likes are bowling, guitar-playing and pizza. For the future Rick plans on being a disc jockey for Radio Free Europe. Good Luck Rick!

STU HURRY

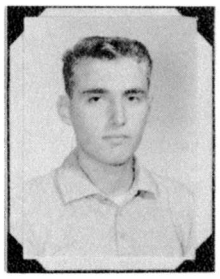

SHARON MAC MAHON
Sharon is well-known for her versatile personality. This is not only shown at School, but also on the ball-field where she is a fielder for the "Spit Fires". Her favourite saying is "Any quip you can quip, I can quip better." Boy does she throw a curve! Sharon's future is as yet undecided, but she hopes to "twist" the Board of Education into telling her to become a teacher.

WAYNE GORRIE
Wayne is liked by all and especially a gal called Val. He has been very active in school activities — member of championship football team and also in "Revue 65" for which he sold over 500 tickets(scandel). Wayne enjoys his part-time job selling shoes, checking "calves" for the Belinda brand. Wayne has done well academically and we are sure his future will be bright.

KAREN PRETTY
Karen is well known at Scits as that "pretty" girl with a cheerful personality and ready smile. She has participated in the I. S. C. F., interform sports and the Scits Revue (singing). Karen is active in Church work as a Sunday School Teacher. Next year she plans on gracing the halls of a Hamilton Hospital as a future nurse.

RAYMOND KENDAL
Ray plans to attend University of Alaska in Fairbanks next September, and take Biochemistry. He has participated in all activities and distinguished himself in doing so. In all, he hopes to escape from the "old grind" by this means.

PETER JENNINGS
Pete, one of the shy quiet members of 13A, is especially interested in basketball and can be seen practising his shots in the lab. On weekends he is busy doing Peter Fisher's dirty work at Kenwick. Pete also keeps his eye on the female population and will endeavour to pursue this past time at U. C. A. R.

JOHN HAY
John is one of 13 A's better known students. His activities during the past 4½ years include the Key Club, Letterman's Club, and Scits Club. In the field of sports he has played on the Junior and Senior basketball teams as well as on the football team for 2 years. John intends to go to Western next year to major in business administration. Good Luck John!

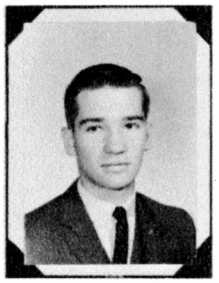

DAVID HARRIS
Dave Harris is one of the quieter students in 13A. He has played for the school basketball teams for the past three years and the school football team in Grade 12. He spends his noon hours persuing the girls. Even though his secret desire is to pass all his Grade 13 subjects, he is destined to spend his days commuting from Corunna.

ROSEMARY HALLIDAY
Rosemary is active in interform sports when she is able to avoid, her noon-hour class. She also works on the Award's committee, Student's Council and in past years the French Club. She battles each Sunday morning with her class of young boys. Besides being a four year honour student, Rosemary . . . ? Good Luck at Waterloo.

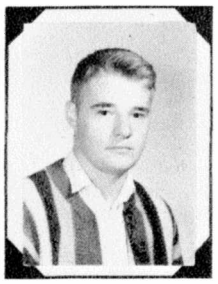

FRED DAWS
Fred is a veteran of the football team and has participated in many interform sports such as floor hockey, volleyball and basketball. One of his big interests is cars. Upon completion of Grade 13 he wishes to take an engineering course at the University of Waterloo.

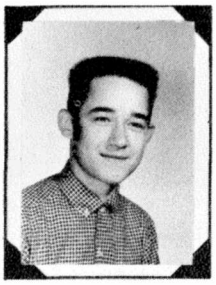

DAN PETERSON
Dan is a popular boy in our class as well as being an honour student. His activities include the soccer team, the Lettermans Club, past president of Key Club and Student's Council member. Dan is still analysing everything that makes a sound in preparation for his course at U. W. O. in phsychiatry. His friends and classmates wish him the best of luck in this "crazy" profession.

RICK (Fagan) BYWATER
Rick is an industrious member of 13-A who kept busy this year as President of the Student's Council. Rick plans to go to Waterloo and take Chemistry (to finally learn about the birds and the bees). He is usually busy hustling C. P. or syphoning gas for his Cadillac, but "Fagan" is bound to succeed as sweat-shirt pedaller, beaucoup de chance Rick.

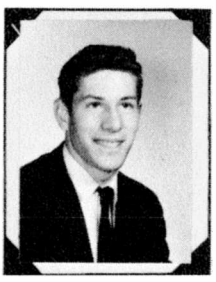

DAVID RICHARDSON
"Teek", the lifter of all weights and the idol of no one (girlfriend that is) is a four year veteran of S.C.I. & T.S. If Dave still boasts of his great knowledge, he'll be in Western this fall. To occupy all his extra time Dave enjoys hunting, football and forestry and of course the summer resort of "GRAND BEND". Hope to see you at Western Dave!

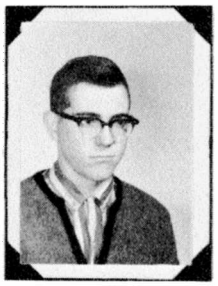

BOB SIVELL
Bob plans to go to the University of Waterloo and take engineering. His chief interests are hunting, fishing, and writing letters to B. M. in Sudbury. His present ambition is to get Sudbury and his peeve is people who write short letters. Everybody wishes Bob the best of luck in the future.

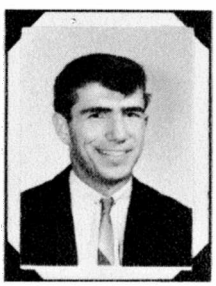

PETER FISHER
In his five years here Peter has proved himself in many fields. Four years on the basketball team and three on the football team here made him a true competitor. He is a member of the Lettermans Club and President of the Scits Club. Last year he won the "Best Actor" award in the Scits Revue and the trophy for being the best looking fellow in his class of '48. Good Luck Peter.

BOB COLE
Bob "Howie" Cole can usually be found wandering aimlessly around the halls with his friends. He is serious about music (horn, piano), his future (in medicine), and fun. Bob should certainly be a success; we wish him luck wherever he goes.

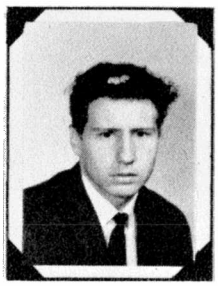

GRAHAM CHALMERS

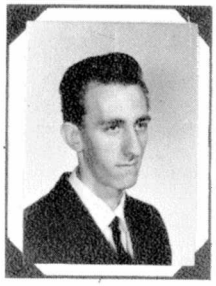

BILL CLAWSON
During school hours Bill can usually be seen trying not to be seen. He has played 5 years of football including 2 years as captain of the S.C.I.T.S. championship team. Bill is noted for his electrifying excuses under pressure (in the office). He plans to attend Port Huron Junior College next year. Good luck Port Huron.

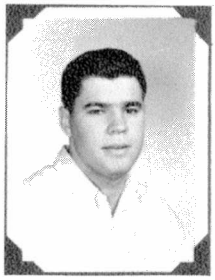

JUDY DAWSON
During her five years at S.C.I.& T.S. Judy has participated in all interform sports and in the French Club. On Saturday's she teaches swimming at the YM-YMCA. Judy is famous for ruining eardrums by dropping her metal ruler. We all wish her the best of luck in her future Home Economics career at Guelph.

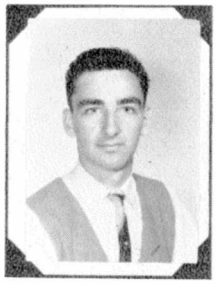

CHARLIE BUNDA
Charlie is a Tech graduate of last year. This year he returned to tackle half of his 13 subjects and next year will return to complete the others- With no definite plans for the future, Charlie does however want to see grade 13 behind him.

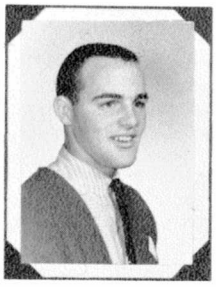

WAYNE THERRIAULT
Wayne came to this honorable institution in 1959. While he has been here, he has participated in the Camera Club, Drama Club, Ad-Astra Staff, Inter-form sports, and curling. His favorite hobby is "classic" cars. Wayne enjoys travelling and would someday like to take a tour of the States. As for his plans for the future he would like to become a chartered accountant. Good Luck, Wayne.

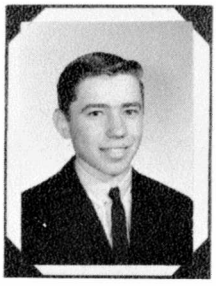

MICHAEL E. MILO
Michael has been one of the most outstanding students Scits has ever seen. He has participated actively in all sports as well as having a high academic average. Mike plans to take Honors Chemistry at the University of Western Ontario.

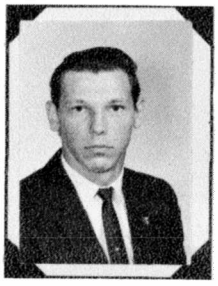

GIL VACHON

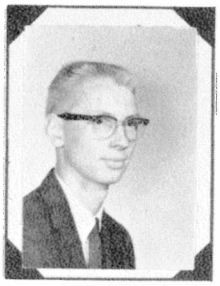

KEITH "Klutch" MACLEAN
"Klutch" who spent all winter on skates now spends his spare time counting fence posts from here to London in search of a lost butterfly with initials M. R. The rest of the time, Keith does homework and plays football. He does O.K. in school, for his biology is in the 80's. They've been studying the butterfly all year. Keith's ambition is to get out of grade 13 and invent a bigger butterfly net.

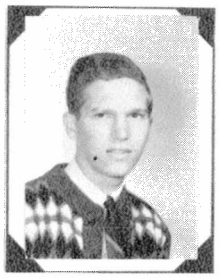

IAN MCKEGNEY

HENRY BULSZA

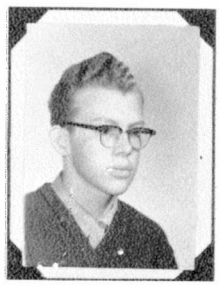

PETER LEE

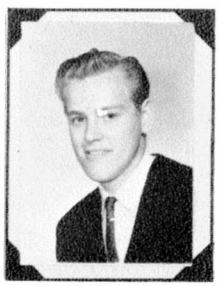

DAVE TAYLOR
Our quiet "Little David" of the last few years, has now been renamed "Mamzelle Taylor" for his remaining year at Scits. Dave still excels in math and plans to convey it on to Western this fall. He has participated in many track and field meets during his stay here and now has most of his spare time taken up with "Jed". Best of luck from all, to the best dressed guy at S.C.I.T.S.

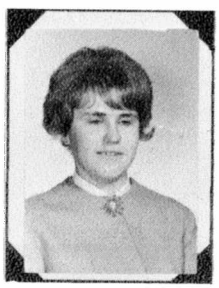

DAVE SYER
Dave, the redhead from 13A, stands sixty-six inches high and lives up to every single inch. Between writing letters to Action and speeding up there to see Donna, Dave works on the weekends. After taking Grade 13 Technology at Central next year, Dave will continue on to college and earn an engineering degree.

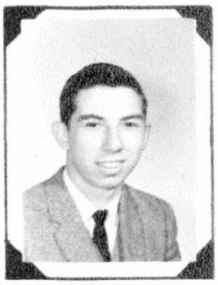

PAUL MALVERN
Paul Malvern is the boy in 13A with the questioning mind and the pointed questions for teachers. His favorite sport is arguing interpretation with Mr. Bell. Paul intends to go to Western in Honours Russian and German. We wish Paul good luck in his chosen field.

GEORGE SHAREN

ROSE BROWN
While at Scits, "Dolly" has participated in interform sports, Scits Revue and Reporters' Club. In her spare time, she is a Cub leader, a Sunday School teacher and a "tutoress" to several people in upper school math, (for money no less). After Grade 13, Rose plans to attend Teacher's College and later teach a Grade 2 class in Siberia.

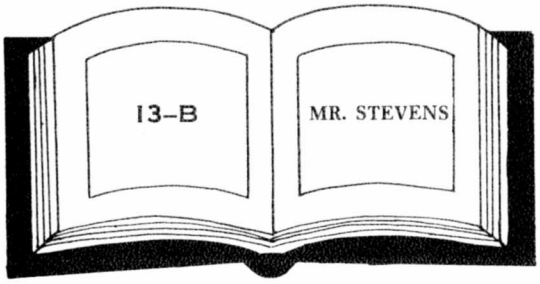

BRYAN BOUCK

BOB BARKWELL

STEVE PEMBLETON
Steve has been a member of the band for 5 years, past vice-president of the Key Club and was the Convention Chairman a year ago. Steve hopes to attend Queen's to study engineering next year. His aim is to design a new beer can opener.

ANN GALLAWAY
Ann is an easy-going person with lots of friends. Throughout high school she has had honours in nine and ten, participated in all interform sports, Math Club and Ecclesia. Besides that she is a Candy-Striper at the General Hospital and is involved in church activities. Next year she hopes to go to Huron College. We all wish her the best of luck.

TIETIE TERRY HIEMSTRA
Tietie has participated in interform sports and attended clubs such as the French and Curling clubs. She has softened the teachers with her flashing peppermint smile and is sure to do the same at McMaster where she plans on taking B.S.N. program. Alas her destiny is filling out peppermint prescriptions for out-going patients.

MARY ELLEN LACKIE
Mary Ellen is one of the enlightened students of 13B, having received honours for 3 years. Her activities include Student Council, Reporters, French Club, Awards Committee and interform sports. Last year, she was our School Queen. After graduating from Grade 13, she plans to attend the University of Western Ontario and specialize in Psychology.

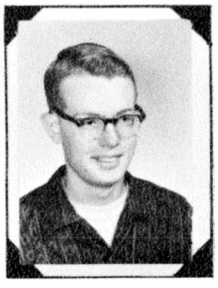

KAREN MCLEAN
Karen is an active girl, taking part in Sea Rangers, Candy Stripers in the Childrens' Ward, and teaching skating Saturday evening during the winter. Karen hopes to go sailing in Connecticut this summer and enter Nurses' Training at Toronto General this fall. In her spare time, she helps to keep the telephone wires and mail route to Don Mills busy.

JUDY MACGREGOR
Judy came to S. C. I. & T. S. from Chatham in Grade XI. Her hobbies include sports, roller skating and dancing. After school she can be found working at the Metropolitan Store. When she completes Grade XIII, Judy plans on entering London Teacher's College. We all wish her the best of luck in the future.

PAUL MANN
Paul's basically a nice guy, but his face doesn't know it. Known for sleeping in class and letting his "Coles Notes" do his homework, Paul aspires to be a French teacher, mainly because his English is lousy.

PAUL MILLMAN

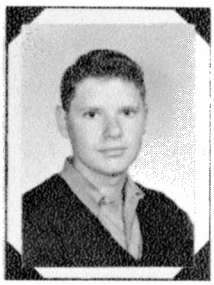

LEONA NICHOLSON
Coming from St. Clair, Leona has taken little time in firmly establishing her friendliness. She enjoys eating, inter-form sports, softball and being past president of her Young Peoples. Next year her witty remarks and sudden out-bursts of laughter will be heard in the halls of London Teacher's College.

SHERRILL DUNLOP
Sherrill has had a well-rounded school and social life during her high school days. Next year she plans to attend the University of Western Ontario, where she will pursue a course in Physical Education along with week-end courses in B.D. at McMaster University. The best of Luck to Sherrill. "Live, Life is Short".

BOB SWAN
Bob Swan is probably the worst (but luckiest) pool player of the class. Although he claims to hate work, he is an active member in his church's Young People group, and works (?) at Walker Bros. on weekends. He likes coffee houses, blondes, and poolrooms. He dislikes work and warped pool cues. Best of luck at O. A. C. next year Bob.

DOUG CLARK
'Dougy' is our jovial Belgian import. Doug likes to fish and hunt and is a staunch individualist. He plans to attend McMaster next year and major in History so that he may follow in Mr. Steven's footsteps through the halls of fame. All the best goes to Doug in the future in whatever he may be doing.

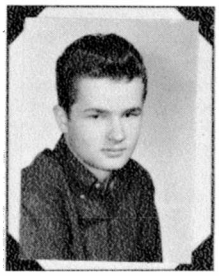

KERRY KIRBY
A former Courtright lass, Kerry is in her fifth and final year at S.C.I.T.S. During this time she has engaged in many extra-curricular activities, which include participation in the Scits Revues, Ad Astra, and cheerleading. Kerry was also a high-scorer on the 13B basketball team, which lost a few heart-breakers (ie. 1-0 and 11-1) Hoping to attend the University of Guelph next year, Kerry is sure to succeed in her chosen field is she continues to work as hard as she is now.

SUZANNE BACKMAN
Every day Suzanne can be seen at the window across from 212 with her buddy Wayne. And at night the either copies out zoology notes or writes in to McMaster for information. A real all-round student, Suzanne tries her hand at everything and we wish her all the best in the future.

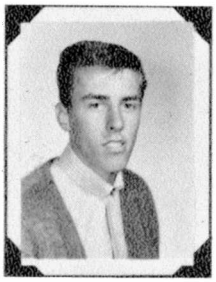

LINDA McLAUGHLIN

CLUBS EDITORIAL

As I looked back through the old school magazines, I couldn't help but notice how the interest in various clubs and organizations reflects the varying interests of teenagers now, and forty years ago. Between the years 1930-1945 the Junior and Senior Debating Societies were the most popular organizations, followed closely by the Junior and Senior Literary Societies.

Other organizations such as the magazine, the G.A.A. and the I.S.C.F. have been at Scits more that 20 years. We think that interest in our band is at its greatest now but there have been bands and orchestras, both Junior and Senior. The violins and cellos which are now locked away have been played by over twenty different hands each.

Other organizations, such as the Student Council, the Key Club, the Drama Club, and the Scits Club deserve credit for lasting ten or more years. The Glee Club also lasted more than ten years and may yet be revived.

The Chess Club, Lettermen's Club, and Science Club have lasted five years. The So-Ed Club, Hi-Y organizations and Camera Club also lasted about five years but interest has vanished in these organizations.

The Math Club, French Club and Ecclesia, which will start up again next year, have been here three years and are fast becoming permanent parts of the school.

A Geography Club, a Hostess Club, and a Drill Team appeared for one year and have never again been started. We hope that this year's new clubs, the Spades adn the Electronics clubs will be able to become permanent, popular school organizations.

We, as the students of Scits have great opportunities to advance our minds, and fill up our leisure time through extra-curricular activities. Let us hope that the interest will always be there.

Middle row: Marie Zydownik, Mary Erba, Lois Robinson, Ruth Hiesler, Susanne Hale, Anne Forbes.
Front row: Suzanne Backman, Mr. Taylor, Alan Peppard, Kerry Kirby.

AD ASTRA STAFF

This group of students was responsible for the publication of the yearbook for 1964-65. Each member of the staff had a specific section of the magazine to prepare by gathering together all the items of interest. All the information was then collected by the editors of each section. Then the material was all assembled and co-ordinated by the layout editor, Kerry Kirby and made ready for the printer.

At this point I would like to say that this is a tremendous task which is increasing year by year and, if the magazine is to carry on, more students will have to interest themselves in this work. It is a very interesting, enlightening and gratifying experience and I do hope many more students will join next year's Ad Astra staff.

Our sincere thanks go to Mr. Taylor, Miss Mitchell and Mr. McKee for their guidance and assistance and also to Mr. Saunders and Mr. Pate for their help. Also a special thank you to the Key Club for once again aiding our efforts. An important part of this endeavour is played by the Commercial students who so efficiently type up our copy. We greatly appreciate this cooperation.

On behalf of the entire Ad Astra Staff I hope you enjoy reading your copy of the 50th edition of Ad Astra Annual.

AWARDS COMMITTEE
Back row: Mr. Stevens, John Taylor.
Front row: Miss Wilson, Suzanne Backman, Rosemary Halliday.

AWARDS COMMITTEE

The members of the committee are:

Miss Wilson
Mr. Stevens
Suzanne Backman
Rosemary Haliday
John Taylor

It is this committee that records the accumulated points for each person in the different fields of academics and extra-circular activities such as sports and clubs.

Sixty-five points must be attained for a Second Letter; one hundred points for a First Letter and one hundred and forty for the Honour Bar.

A minimum of ten points in each of the three divisions must be held. Even if enough points are held the award is not automatic. The final decision is left to this committee.

REPORTERS CLUB
Back row: Barb Murry, Mr. McKee, Julia Brown.
Front row: Cheryl Wright, Catherine Needham, Ereka Kerpa, Penny Hardy.

REPORTERS' CLUB

This club was formed three years ago and its main purpose is to keep the public informed on all events taking place at the school. The members report, weekly, to several local newspapers as well as to the radio station. Also, press clippings are posted on the main bulletin board so that the student body as well as the visitors to our building may observe the work of the members. After the clippings are removed from the board, they are placed in a scrapbook. This book contains articles which record school events of the past three years and it is kept in the office.

STUDENTS COUNCIL
Back row: John Taylor, Dave Fisher, Wayne Scott.
Front row: Mr. Gorman, Joy Heather, Ruth McKegney, Rick Bywater.

STUDENT'S COUNCIL

The Students' Council consists of the executive:

President	— Rick Bywater	Vice-President	— Dave Fisher
Secretary	— Ruth McKegney	Treasurer	— John Taylor

A representative from each form and club or organization in the school.

Staff Advisors: Mr. Gorman
Mr. Kerr

The purpose of the Students' Council is to raise school spirit and add variety to the school year. This is accomplished through the co-operation of the Council, advisors, and principals.

At the beginning of the year A. V. I. T. boosted school spirit during football season. Other activities included: Dress-Up Days, Tea Dances, Special Dances, a sweat shirt sale, shirt sale, and even a suggestion box for the students.

This year the Council was given co-operation and support of the school's clubs in putting on a Valentine's Dance, Kupid's Kaper, and others. With this help from the French, Electronics and Key Clubs, the Spring Prom is sure to be a success.

With the backing of the students, advisors, the administration and able President, this year's Council, 1964-65 has been a success.

SPADES

Back row: Joanne Shaw, Joanne Giesbrecht, Penny Hardy, Barb Murray.
Front row: Glenna Beauchamp, Miss Mitchell, Cheryl Wright.

SPADES

The hallowed halls of S.C.I. & T.S. welcomed a new and unique Club this year, the Spades, the first such organization in the province of Ontario. The Club is organized on an international basis and is affiliated with the Kiwanis International. The main purposes of Spades are to work for the handicapped, learn about them and work with them. In the future Spades plan to help with various projects at the New Hope School, Multiple Sclerosis and Muscular Dystrophy. Several visitations have been made to Twilight Haven and Spades also help with Christmas preparation at the school. Once each month a guest speaker is invited to inform us about diseases and handicaps that people face and what part the Spades could play in helping these people.

Being a Spade means giving a little time, love, patience and understanding and gaining self improvement, beautiful memories, knowledge, peace and self-confidence and perhaps even a career helping the handicapped.

DRAMA CLUB
Susan Isom, Paul Mann, Barb Boothe, Mr. Sauve', Trudy Soyko.

DRAMA CLUB

Under the expert direction of Mr. David Sauve' the Drama Club this year presented two one-act plays and a choral reading. The plays were Chekov's 'The Boor', and the 'Romancers' by Henri Rosland. The Choral Reading was a new innovation this year, and consisted of a group reading several poems.

This years' executive was composed of Paul Mann as President, Barbra Booth as Vice-President, Trudy Soyko as Treasurer and Susan Isom as Secretary. Assistant Director and head of make-up was Lena Unhola.

KEY CLUB
Back row: Alan Hale, John Hay, Steve Pembleton, Mr. McKee, Dan Peterson, Roy McKeown, Mike Craig.
Front row: Brian Anderson, Art Payne, Don Burnard.

KEY CLUB

On glancing through previous issues of the Ad Astra, I have noticed that the true idea of Key Clubbing has not been brought out.

When the first Key Club started in Sacramento it was organized to combat various school cliques in the school. The organizers received full support of the school staff and Key Clubbing began.

As the years passed Key Clubbing spread through the U. S. A. and up into Canada. As it enlarged so did its duties. It began to be a larger service club helping the community as well as the school, and adopted the motto "We Serve."

Here at S. C. I. & T. S. this idea of service is enforced in our Key Club. Our main project this year as in others is supporting our orphan Pham Van Van in Saigon. Other projects such as coat-checking at dances and other events — our annual car wash, and our slave day — are all designed to serve and raise money to support our projects.

Our Key Clubbers also enjoy many social activities — our annual dance, many other holiday dances for those of the Club, sports contests between clubs, and most important of all, the Key Club Convention.

This year the Key Club Executive led the club to many inter-club honours, our club being the second best in Ontario, Quebec, and the Maritimes.

Next year, the new executive, consisting of Don Hart, Rick McLellan, Vic Olake, Mike Craig, and Allan Hale, hope to raise the club to the heights and be the best.

LETTERMAN'S CLUB
Back row: Mr. Stevens, Bob Barkwell.
Front row: Miss Wilson, Barb Murray, Penny Hardy.

LETTERMAN'S CLUB

The Letterman's Club is unique in that each member must have received his senior letter. It is primarily a booster club and performs various activities for the student body.

Cheer sheets were printed and distributed at the football games so the 'Bomber" fans could screetch their team to victory.

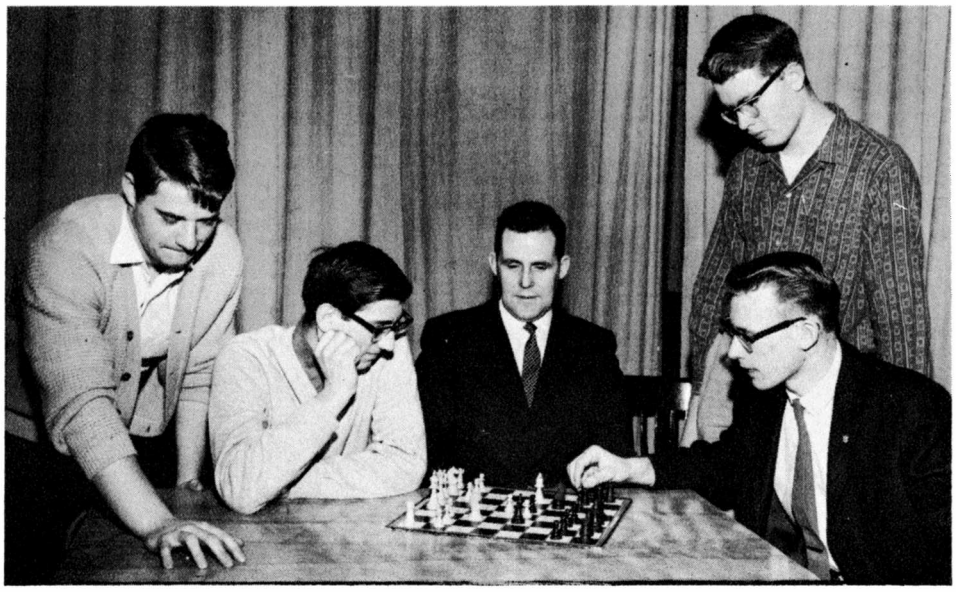

Students were entertained by the Scits, most notable being "F. G. S. Ogre" at the Christmas Assembly.

Issues of the Magne Voce were sent to all past letter winners to keep them informed about activities at their "Alma Mater" and through this paper, subscriptions for the Ad Astra are also sold to graduates.

To support its 1964-65 activities, the Club has had a car wash, sold a wide variety of books in the cafeteria at noon and run a "Lost and found".

The Letterman's Club has increased in number this year and it is hoped that membership will continue to grow.

Executive: President — Bob Barkwell; Sec.-Treasurer — Penny Hard; Rep. — Barb Murray.

CHESS CLUB
Dave Richardson, Shukry Regep, Mr. Bell, Paul Millman, Hans Devos.

CHESS CLUB

Paul Millman, with a score of 100 per cent, was the winner of a round-robin tournament in which eleven players took part. Runner-up was David Richardson (75 per cent), and in third place, Hans Devos (70 per cent).

Mr. P. G. Haley, a well-known local chess player, played 14 boards simultaneously against the club, winning eleven, drawing one (with Mr. Saunders) and losing two (to Paul Millman and Hans Devos).

SCITS CLUB
Back row: Phil Goodwin, Percy Vermeesch.
Front row: Mr. Sauve', Maybeth Wallace, Pete Fisher.

SCITS CLUB

The theme for this year's Revue was "Put on a Happy Face" and it did just that! At the first executive meeting, it was hoped that the show would be smooth-running, fast acting, and funny. The general format was entirely different from previous years and its' results proved very successful.

The Revue itself consisted of thirteen humourous skits, including everything from a parked scene to the results at the political polls. These skits were all written and well-directed by our new staff director, Mr. David Sauve. The actors did a very good job in making these scenes successful. There were five dance numbers this year, ranging from our traditional kickline to the modern "Shindig" style of dancing. We also had a boys' ballet which proved to be hilarious according to the audience reaction. These dance numbers were all orchestrated under the supervision of Mr. Clothier which added much to their success. With the various scene changes, the stage crew was kept busy and did a very good job. Our MC this year was Percy Vermeersch, who kept the show running well.

For the first time in the history of the SCITS REVUE, we were able to put up the sign "HELD OVER". Since there were people turned away on the first nights, we put on a fourth show for the public. We had an excellent turnout this year, and with the proceeds, bursuries will be awarded to deserving students who participated in the Revue.

The executive would like to express their thanks to everyone who was connected with the show for their co-operation in making it such a complete success.

SCITS BAND

Once again your favourite troups the SCITS Bands both senior and junior have excelled and have contributed greatly to the culture of our school. At football games the team was greatly encouraged by the sound of Mr. C's enthusiastic band of talented followers. The contributions of the band in assemblies added a happy note (in fact a few happy notes). The band also played for functions such as the commencement exercises. As usual the band's greatest achievement was in the role of "Pit Band" for the Scits Revue. They played such numbers as "Hello Dolly" and "Man with the Golden Arm" and of course the theme tune, the overture from "Bye Bye Birdie". The band's achievements this year and in past years, must largely be attributed to the efforts of Mr. Clothier, who keeps the members working most of the time at a wide variety of music. Later on, they will again be playing at the public schools as they have in the past 3 years and hope to encourage even more students to swell their ranks. In past years the senior band has had a very admirable record in the May Music Festival and this year they repeated their previous successes with fourteen first places. The band is entered in two classes and many members are competing in solo classes with Mr. C's assistance. Although the annual band concert did not receive the student support it deserved, it proved to be a very enjoyable evening. A varied and interesting programme was presented ranging in content from jazz arrangements "Louis Blues" to more classical works like Mozart's "Rondo". This year the band members devised many new methods of missing school and enjoyed a trip to London to see the Broadway Musical "Oliver", a trip to Elkart, Indianna to tour the Conn Co. Instrument Factory Indianna to tour the Conn Co. Instrument Factory, and a trip to Waterloo, Ontario to attend an instrumental clinic being held at the University of Waterloo.

Our Mr. C. will be greatly missed next year as he is one of the finest men ever to enter our school system. His contribution to music at Scits will never be forgotten.

Bonjour! First, the members of the French Club would like to say a special "Thanks" to our two new staff advisors — Miss McNiven and Miss Verhoeve. Due to their advice and enthusiastic support, the club has had one of its best years.

One of the most unusual activities this year, was a "Fudge Day". Students response was so good that perhaps this will become an annual event of the school year.

We were fortunate to have Mr. Little who showed his coloured slides of France. Along with his sense of humour and witty remarks, the slides were most enjoyable.

Other activities included guest speakers, reports, a newspaper which is in the making and catering in the form of a Paris Cafe at the Student's Council Dance.

The club has had a most successful year in every way. So, if you want to improve your French, meet new people ahd have fun in the process, the French Club is just the organization for you.

The newly formed library club under the direction of Mrs. Fudge meets every Tuesday 12:30. This club which stimulates interest in the library, sets up displays on certain topics like history or world geography in the display cases at the entrance to the auditorium. On the bulletin board outside of the library, covers of the latest additions are found.

This year's president is Susan Butler, 12-B. The members of the library club work during noon hours and after 3:35 taking care of over-due books, repairing old books, and putting new books on the shelves.

With our brand new library this year, we have a much more complete and up to-date reference room which the students are encouraged to use. This year the library has really become a part of the school and it is hoped that the students will take advantage of the facilities offered.

The Interschool Christian Fellowship Club is a non-denominational organization. Its purpose is to serve as a common area in which young people can find companionship and strive for knowledge and understanding of a spiritual nature. The club does not pretend to quarantee answers, but does provide excellent speakers and an opportunity for teenage students to discuss among themselves the differences in religions. The product is a better understanding of the true values in life and the realization that all Christian religions have much the same objectives: Moral direction of our earthly life because of our faith in the existence of God.

SCIENCE CLUB

Executive:

Vice President	— Fred Bruyea
Secretary	— Debbie Raly
Treasurer	— Debbie Raby
Representative	— Mike Cowen

1964-65 saw many new and interesting changes in the Science Club. The meetings were held every Friday at noon in room 315. Our Vice-President, Fred Bruyea, did an excellent job of obtaining films from the Bell Telephone Company. These were shown every other week and were on a wide variety of topics:

On the weeks in between the members deliver 20 minute seminars on a phase of Science which interested them but was not covered in their regular school work. A ten minute question-and-answer period followed each seminar.

The aim of the club this year is to draw up a constitution. A few of the members are also renovating equipment.

All the members wish to thank Mr. Prezeau for his help and encouragement this year which made the club a big success.

ELECTRONICS CLUB
Ross McEacheran, Mr. Thomas, Joanne Dodds, Lawrence Brander.

THE ELECTRONICS CLUB

An interesting and new club was formed in January of this year. It is a vastly different experience especially for the girl members. The electronics club under the direction of the executive, with the help of the electronics special and our staff advisor Mr. Thomas. The club meets every Thursday at 12:15 in room 118. The executive consists of the President — Ross McEachren, Vice-President — Lawrence Brander and the Secretary-Treasurer — Jo Anne Dodds.

The students are learning to build such things as small radios, and perform experiments with closed circuit T. V. and tape recorders. By the end of the year they hope to accomplish such feats as piping music into the school cafeteria during lunch hours; helping with music playing and supplying disc jockeys for dances.

This year the Social Editorial will not consist of the usual complaints about the school dances and about ways for improvements but something completely different — a summary of the social activities since 1914. The material for this editorial came from copies of "The Collegiate" and the "Ad Astra". Read on to see what former students of S.C.I.T.S. did on Friday night and during the week. You'll notice that some events that take place today have a great tradition behind them.

Social Editors,

BLUE AND WHITE DAY

To put our students in the football spirit, September 25, 1964, was declared "Blue and White Day". This proved a very appropriate time, as it marked the day of our first football bame and second annual VIT Parade (AVIT). Response from the student body was fairly good, especially among the girls.

AVIT

Due to the tremendous success and popularity of last year's VIT Parade, the Student Council decided to hold "AVIT" (another very important thing). The weather was in our favour again this year, as we enjoyed another bright, sunny Friday afternoon. Thirty colourfully decorated cars, led by our school band, made their way down Wellington to Front Street, up Front to Exmouth and up Exmouth to Norman Perry Park. Many favourable comments were received about the courteous and orderly manner in which the students carried out this parade and this seems to be turning into an annual event.

DRESS-UP DAYS

Dress-up Days were held the first Monday of each month. Even though there were announcements and posters announcing the Dress-up Day that was coming, on the Monday only about half of the school population was observing Dress-up Day. Why the poor support? Everybody can't forget that easy after the Student's Council had warned them of the coming Dress-up Day. I don't think these special days should be cancelled because some look forward to Dress-up Day — it gives the students a chance to wear something else besides their ordinary school clothes. Next year let us give better support to the Dress-up Days and the Tea Dances that are held at the end of the school day.

BEGINNER'S LUCK

The first dance of the 1964-1965 school year which was held on October 2, was to welcome the "Grade Niners".

The boy's gym was decorated with the traditional school colours of blue and white and Central's colours, since the "Centralitess" were our guests for the evening.

The "Grade Niners" could be easily seen in the large crowd that was in attendance by the signs which they wore for their initiation.

Thanks to the Student's Council for beginning this year with such a successful dance.

WITCHES' WIGGLE

The annual Key Club dance was held on October 30 with the boy's gym decorated in the traditional Key Club and Hallowe'en colours. At the front of the gym the Key Clubbers had hung their banner which had coloured lights shining on it. The students from the "institution" on East Street were our guests for the dance and to hear the new group, "The Hours" — Bill Clawson, Percy Vermeesch and Jim Swan.

Many students attended the dance but there was not the large crowd that usually attend the Key Club dance. Let's hope that there will be a larger attendance for the Key Club dance and make it more successful. Thanks boys for a good dance.

JUNIOR COMMENCEMENT

Junior Commencement which was in the form of a special assembly was held on November 6, 1964 in the school auditorium. At this time the honour awards for Grade nine, ten and eleven were presented to the students by special guests also the various awards and prizes were presented by their donors. After the assembly a reception was held in the cafeteria, which had been decorated for Commencement, for the parents and the guests who were attending the ceremonies.

Congratulations to the students who received awards and let us hope that next year there will be more students receiving awards at the Junior Commencement.

SENIOR COMMENCEMENT

The Annual Senior Commencement ceremonies were held on Saturday evening, November 7 in the auditorium. After the graduates and prize-winners had recevied their diplomas, scholarships, and awards from the guests who were present.

David John gave the validictorian speech. When the ceremonies were concluded and graduate pictures taken there was a reception in the cafeteria for graduates, their families and friends.

Congratulations to the graduates from the students and teachers at S.C.I.T.S.

RELIEF RUMBLE

On November 20, the day the Christmas examinations were finished, the Student's Council sponsored the Relief Rumble.

The Student's Council invited to this dance the students from Northern.

There is only one complaint about the dance, and that is the usual, the low attendance. Maybe the students didn't want to return to the school after the exams, and maybe there were other parties to go but still the school dances are only as good as the students make them. So let's support these dances. Thanks to the Student's Council for the dance.

TOY TUMBLE

On December 11, 1964, the Student Council held its annual Toy Tumble dance. This dance is unique in that students must bring a toy, which is given to the Children's Aid, as part of their admission fee.

The gym was well decorated with red, white and green streamers, coloured lights and the traditional Christmas tree in one corner. We were entertained by a local singing group, "The Hours".

Since the decorations were so effective and especially because it was for a very worthy cause, the response to the dance was once again this year, very disheartening. The Student Council gained no profit from their splendid efforts. As a result of this disinterest, they have decided to discontinue dances for this school year.

We may have given our footbal team the support it needed, but we have really let our Student Council down.

KUPID'S KAPER

Kupid's Kaper was designed to be different from all other dances, and in this it certainly succeeded. In was twirp, held in the cafeteria, featured a French Cafe, and was the result of the combined efforts of many of our school clubs in co-operation with the Student's Council. Streamers, hearts, and cupids, in the traditional Valentine colours, were effectively displayed in the cafeteria and hall. The publicity for this dance was excellent and in spite of the competition from the other schools, we claimed a turn-out of about 300 students. The Student's Council went all out to make this dance a success and they really deserved the support they received.

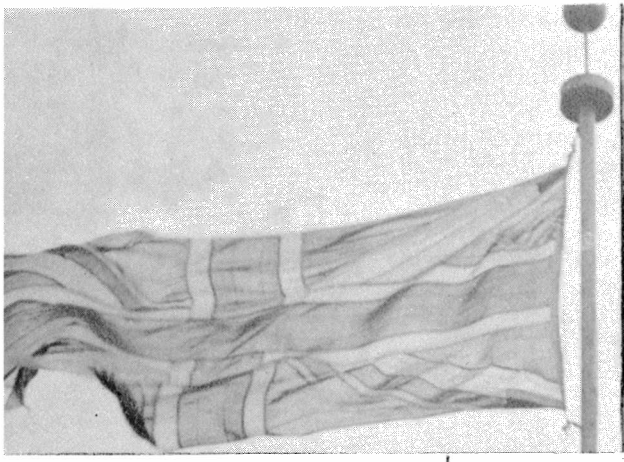

SHAMROCK SHUFFLE

On Friday night, March 12 the Student's Council sponsored the Shamrock Shuffle in the cafeteria which was appropriately decorated.

The Student's Council invited the students from the other high schools to attend but attendance was still small. Maybe this month there was a reason — examinations were starting in a week. I don't think that everyone was studying! Let us hope that next year the dances are better attended.

THE SPRING PROM

The third annual Spring Prom is to be held on Friday night, April 30 in the boy's gym which, according to the student's Council President, Rick Bywater, will be completely covered with decorations (except the floor, of course). The theme this year is Spring Fantasy with the couples dancing from nine to one to music of the Starlighters. Let us hope this year's Prom will be as successful as the last two.

THE STORY OF TWO HANDS

1st Prize (Senior Prose)

Amid the clattering of the pots and pans in the dishpan, the young woman suddenly heard a piercing scream. When she whirled around panic-stricken, a look of horror passed over her face as she spied her baby daughter, her hands stuck palms down on the hot stove.

Frantically she rushed to the writhing child, but the little girl, feeling the scalding pain shooting through her limbs, yanked her hands off the burning monster, leaving much of the skin behind. Soothingly the woman talked to her child until the wracking sobs quieted down.

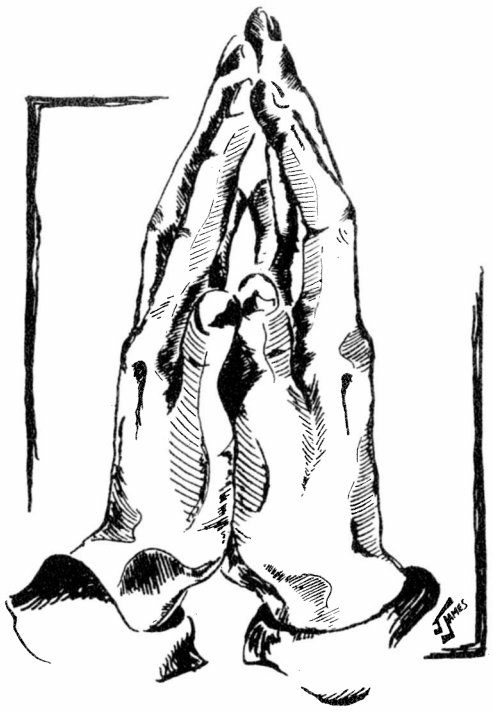

Speeded by the urgency in the voice of the child's father, the kind-faced doctor arrived within a few minutes. He was soon gently examining the raw hands of the still whimpering infant. The parents were shown how they must change the bandages morning and night in order to bring comfort and relief from the pain.

When the first panic had cleared, the young mother realized that her daughter had taken her first steps just before the tragedy occurred.

Many days later, the young child crowed with delight at the beauty of the shining scissors cuting away the dead skin of her now useless hands. The wrinkles of concern etched deeply on the doctor's face mutely told the child's mother that something very grave was the matter. Then the blow fell! The doctor told the young mother that her child might never again have the use of her hands. He went on to explain that as the flesh of her hands was healing, the cords and tendons on the inside of her fingers were shortening, thus pulling her hands closed.

The emotion playing across the woman's face at this news linked with a decided tremor in her voice as she stated that her child would, one day, have full use of her hands. The doctor knew then that if it was humanly possible, the woman's hopes would be realized.

From then on, a miracle gradually took shape. The little girl's father very carefully sanded and moulded blocks of wood in varying sizes, and the mother made soft padded

flannel mittens for her daughter. The padded blocks were then forced under the child's curling fingers, and bound in place. As the size of the blocks and pads was increased, day by day, the fingers started to straighten.

The little girl, frequently now, would take a few shaky steps ending in a fall. Even at so young an age, the litle girl knew enough not to take any weight on her hands, so she landed on her wrists with her still healing hands held safely up from the floor.

After over six weeks of fresh dressings, morning and night, the bandages and blocks were removed from her hands for the last time. The only evidence of the near tragedy was a series of white raised scars which have slowly disappeared.

To-day you can see this girl taking active part in sports and handicrafts. Those who know her could tell you that the strength of her hands is above normal.

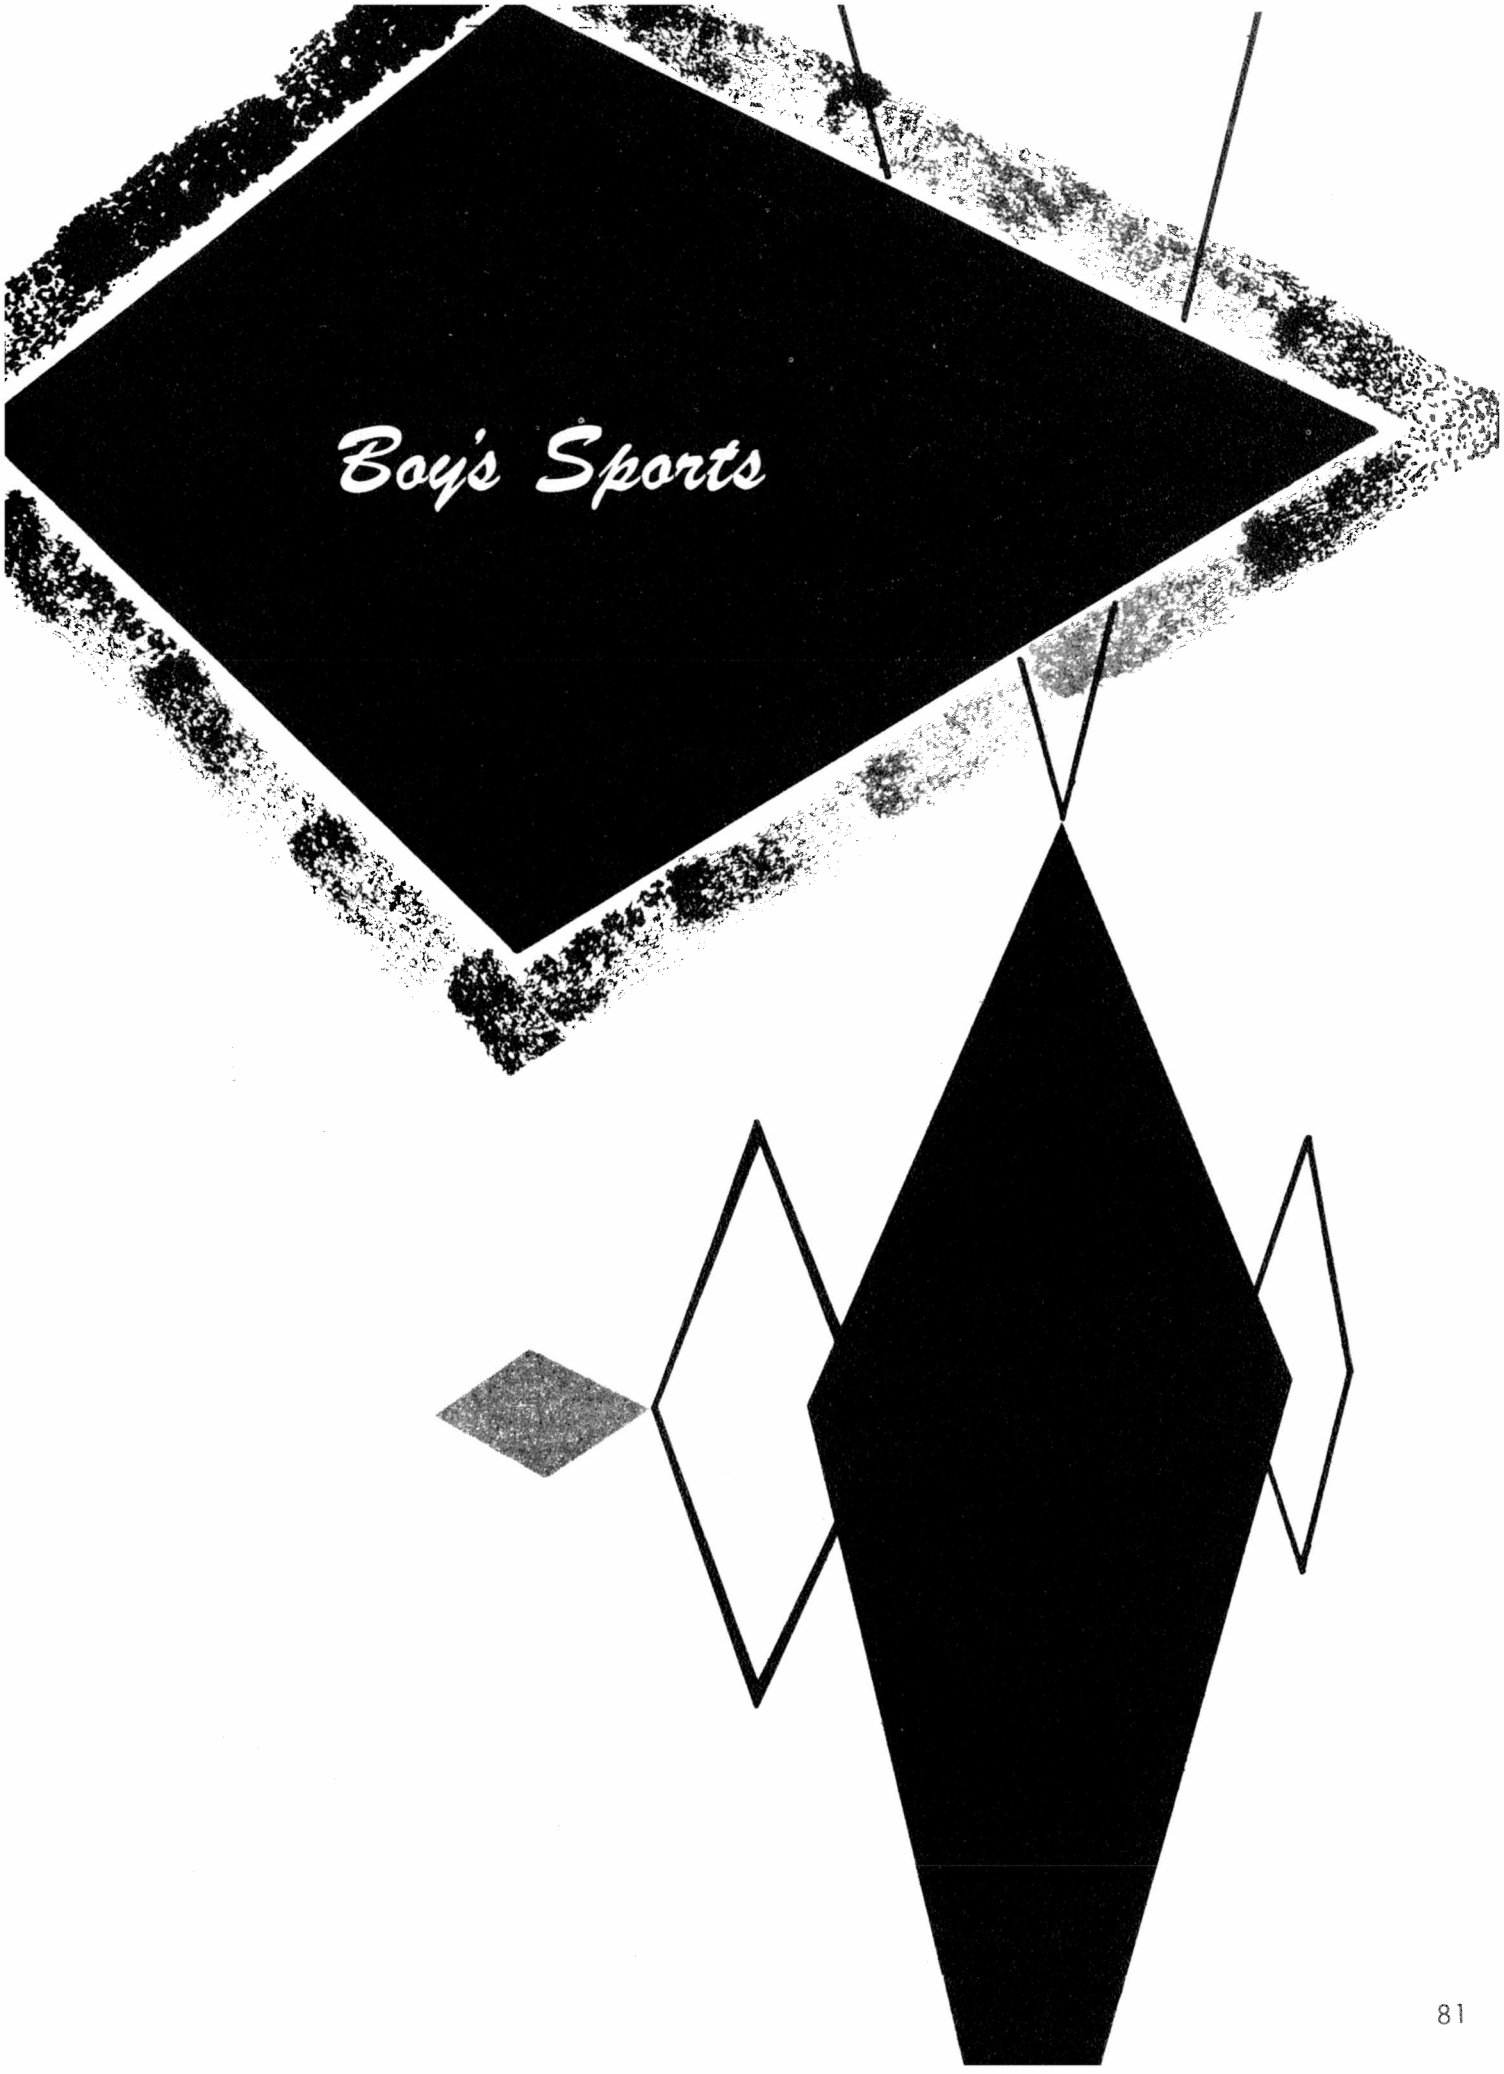

Few people know that the strength has flowed into these hands from the faith and patience of loving parents, but I am one of the few. For, you see, those same hands have just finished writing this story.

Boy's Sports

BOYS' SPORTS

The year 1964-65 has been one of the greatest years in the history of school sports. The senior Blue Bomber football team captured the city football championship for the second consecutive year. It was a tremendous team effort with every player giving his best and the whole student body joined in the victorious acclaim.

The senior basketball and volleyball teams brought city championships to S.C.I. & T.S. in spirited fashion. The teams met with stiff opposition but were always able to give a little more when it counted. The basketball team also fared well in W.O.S.S.A. competition and exhibition games with schools from other cities.

The senior soccer team were edged out of first place but their showing was very gratifying as it was their best effort in some seasons.

Our juniors didn't have quite the same success but at all times played like true sportsmen and gave their all and we are indeed proud of their efforts in all sports.

In track and field we saw some outstanding individual and team performances and were rewarded with many honours. We were also very proud of the efforts of our gymnastic team in W.O.S.S.A. and city competition.

Truly this was a banner year for the Blue and White, perhaps our best athletic record in the school's history. Our congratulations to the teams on their prowess on the athletic field.

Of course behind every team are the coaches, managers, etc. and on behalf of the entire school, we say "Thank you" for a job well done to the staff of the Athletic Department at S.C.I. & T.S. who coached the teams to their achievements.

Good football weather revailed over the annual Red Feather game which pited the fighting Irish of St. Pats against the Blue Bombers. The pregame prediction said the S.C.I. & T.S. would fall before the Irish 26 - 20. Less than five plays after the opening kick-off Bill Clawson completed a pass nad run play that covered 70 yards and the first major of the game. To prove it wasn't luck Barr ran off tackle and went for the second T.D., converted 3 and during the game kicked 2 field goals for a total of 27 points..

Percy Vermeerch finished off the scoring with a fine 20 yard dash to pay dirt.

The bombers faced the tradionally powerful Vikings in the last regularly scheduled game of the season. The prediction before the game put the bombers on the short end of a 21 - 13 score. The Northern dream was smashed early in the first half as Clawson again taking a Cranston pass broke onto the scoreboard. The S.C.I. & T.S. recovered a fumble off the kickoff which set up a ground T.D. for Barr. The first two T.D.s were both converted. Barr broke away again in the second half then Clawson finished off the scoring with a 60 yard pass and run play.

The Northern game left S.C.I. & T.S. in first place with a 3 wins, 1 tie record. Thus they faced the 4th. place Irish in the first game of the playoffs. The Bombers again outplayed St. Pats and as the gun went to end the first half Barr and Fisher had already galloped for T.D.'s. The Blue and White continued their drive in the second half when Allen picked off a pass in the end-zone. Barr got the last major of the game and McDonald completed the scoring by kicking a 40 yard single.

The spirit was especially high for this game and tremendous school backing turned out from both schools. Central was the first team to score, which came early in the game and went converted. The S.C.I. took advantage of a Central—Martin intercept and Fisher went for the first S.C.I. touchdown, making the quarter time score 7 - 6 for S.C.I.

McLean scored on a roll out early in the second half, then "Fish" scored just 4 plays later on a reverse side roll out behind a strong line. With an 18-point lead, the Bomber defense let up and Central returned the kick-off all the way for Central's second touchdown, but it was too bad for the gold team, for the Bomber defense held strongly for the rest of the game.

The final score left S.C.I. the undisputed champions for the second straight season.

The Bombers started the season against Central rated as 14 - 6 underdogs. They surprised everyone and came out with a 6 to 6 tie on a great Cranston to Allen pass late in the first half. Tremendous backing from the stands, plus a fine defensive attack left everyone wondering if the S.C.I. & T.S. teams had been under-rated.

A steady cold drizzle set the atmosphere for the second game against St. Clair. Despite the rain the Blue and White boys obviously outclassed the Colts as play after play went for long gains. Fisher, MacDonald and Barr picked up ground T.D.s. while Clawson was on the receiving end of a Cranston pass to finish off the scoring. All four of the Bomber T.D.s. went unconverted.

THE JUNIOR VOLLEYBAL TEAM

The Junior Volleyball Team consisting of Walt Barnes (captain), Rick McLellan, Paul Smith, Hugh Evans, Dan Elliot, Dave Barry, Bill Lietch, Bill MacDonald, John Dawson, Frank Gowinski, John Barkwell, and Gary Reece played in the All City Tournament April 6. We finished with a 1 - 3 record defeating Central and losing against Northern, St. Clair and St. Pats. We would like to thank our coach Mr. Hazzard for his time and all those who supported us at the tournament. We would like to congratulate the seniors on successfully defending their city championship. We did not win this year but we all gained good experience which will help us in years to come to hold the city senior championship for S.C.I.T.S.

A weary group of athletes trooped into the dressing room for the precious ten minute half-time rest. Amid the clatter of cleats on the floor, a clear bass voice, easily recognized as Bruno Appley's, rang out, "It would be a lot different if Tom hadn't got hurt. Alf is playing lousy ball. We make the hole and he gives the other team the damm ball by fumbling".

Alf looked around the suddenly quieted room at the obviously embarrassed members of the team who were resting near him. None of the boys would meet his eyes, and all of them suddenly became occupied with some part of their equipment. Bruno tossed his helmet against the wall and muttered quite audibly to another member of the team, "I don't care if he heard me or not. I still say he's acting like a yellow chicken".

Alf slowly sank into the bench. "I can't help it if Tom hurt his knee, it's not my fault is it? So he's better than me — I can't help that, can I?" Then Alf covered his face with his hands as he became aware that it was a flaming scarlet. "It's true! I can't help it! Alright, so I'm a chicken, I can't help that, can I?"

Alf felt a strong hand grip his shoulder, and he looked into the smiling face of Tom Bently. "Tough luck, Alf," said the smiling Tom, the injured ace of the team who had previously played Alf's position. "You're doing okay." With this, Tom turned and limped away from Alf towards the other players, where he offered his encouragement. Alf stared after him.

"Why can't I be like him? Why can't I do everything he does? I'm bigger, I can run faster, so why can't I play ball as he did before he was injured? Chicken, he's a yellow chicken. That's what Bruno said about me. I'll show them all! Chicken, am I? If little Tom can do it, I can too. I'll show that Appley, I'll show him."

The whistle shrilled and Alf jumped to his feet, resolute in his purpose to try to make up for his poor showing in the first half of the game.

The opposing team prepared to kick off, and Alf took his place on his own goal line, the place where the kick would most likely fall. The kicker raised his foot, the ball was moving end over end torwards Alf. A voice cried "I've got it," and Harold Peterson moved in front of Alf and caught the ball. An angry Alf moved up the field in front of Harold.

"So he doesn't even trust me to catch the ball! I'll show him." Urged on by the speedy Harold, Alf expertly followed the interference which was clearing a path for them. Onward they sped, until at about mid-field the interference suddenly disappeared and Alf was confronted by two huge line-men. He three a block and the three players went down in a heap.

"I guess that'll show 'em whether I can play ball or not. Ninety yards for a touchdown: I guess even Bruno will admit that was good interference."

"You clumsy over-grown ox!" yelled a very angry Bruno. "Why don't you just switch sweaters? You are the stupidest, yellowest fool I've ever met. Tripping your own player on a breakaway! Oh my —!"

Alf for the first time saw Harold lying on the ground about five yards in front of him.

"Why don't you shut up Bruno? It's my own fault, I tripped over Alf's foot. He threw a beautiful block and did a great job all the way down the field. It's my own fault!"

By the dirty looks directed his way, and the silence that greeted Alf in the huddle, he realized that his fellow team-mate agreed with Bruno.

"Let's go, gang, all the way!" These words of encouragement came from George Egmond, the quarterback. The team, led by Bruno and Harold, pushed their way into the oppositions
pushed their way into the opposition's end without calling any of Alf's plays. Alf realized this, but executed his blocking and tackling perfectly. A substitute lineman came into the field and whispered a play to George. George looked rather surprised, but repeated the number of the play to the team. The play number, one of Alf's was met with blank stares of disbelief. "The coach called it, so let's go." The ball was given to Alf, but Bruno, who had the key block to the play, never got his man. Alf found himself confronted with a swarm of lineman. Instead of falling down to block the play, Alf lowered his head and charged into the group. He was hit hard, but managed to make a couple of yards before being hauled to the ground. As Alf ran back to the huddle, he noticed several looks of approval being directed his way, and Bruno said, "Sorry Alf, he was my man."

"Let me carry again, will you George?" asked happy Alf. For reply George called Alf's number, and behind some excellent interference Alf made twelve yards before he was hauled down to earth. The team came suddenly alive. Alf and Harold carrying the ball and Bruno doing yoeman service as a blocker, the team relentlessly drove down the field for a touchdown. After the single point was kicked, Alf turned to trot up the field. Behind him he could hear the heavy clop of a boy who must be rather large from the noisy way in which he ran. Alf turned and looked into the smiling face of big Bruno.

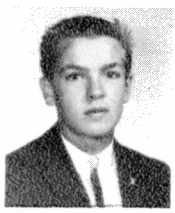

"Way to go, old man," was Bruno's greeting. "Sorry I gave you the works before, but I was aure that if I needled you enough, you'd play the way you're able to. I guess I was right, hey?"

"You sure were," was all the grinning Alf could manage.

They stagger without cease
and are turbulent.
They crease and fold
each great, green mass
Until it boils
with cold cold thunder
On the shore.

They leap and curl and beat
against the sand
In hard anger
and white desolation.
Each long line in frenzy falls
to fall unfelt
And drained of majesty and power.

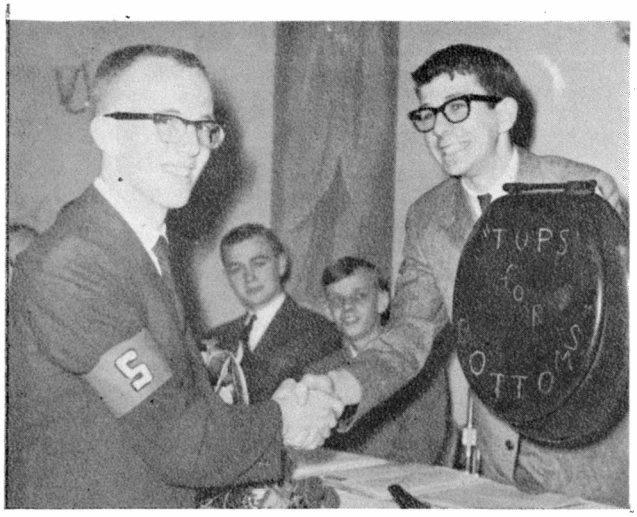

How such beauty toils.
It seethes and pulsates
With the passion of unrest.
It flows with verdant life,
And defies the beaking rock
when it rolls against the ages.
What sights when beauty rages.

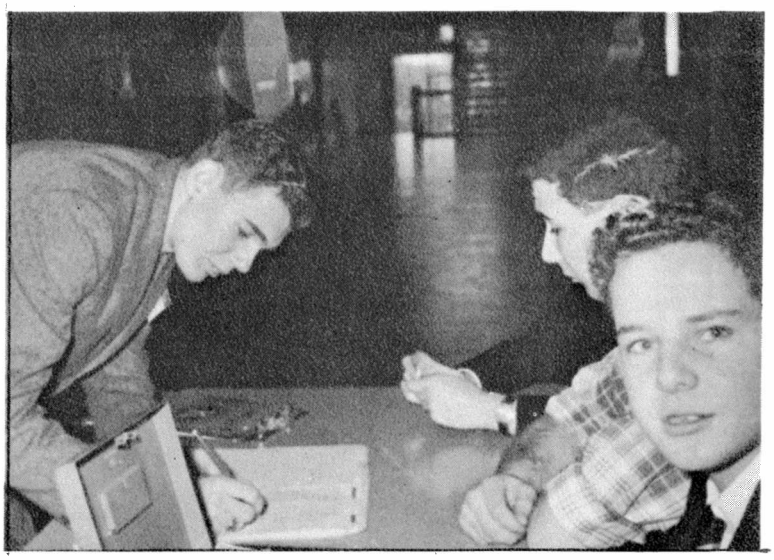

They laugh at me
Their voices drip with scorn.
Sometime it is agony
And I wish that I was never born
I cannot eat with those who are my friends
For the colour of my skin is not the same
Yet there the difference ends.
Who is then to blame;
My parents because they knew love
Or God above?

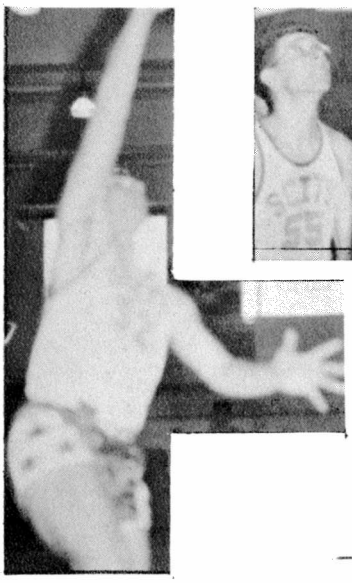

I sometime feel I am alone
Alone with my skin's pigment.
Why, I ask. Why? The answer is unknown.
It matters not. Their hate is never spent.
They're perfect. They can spit
Behind my back. It's all I ask
To forget the colour of my skin
I'm still human, whether white or black.
Have I committed such a horrible sin?
All right. But I too can hate or fight.
I don't care if your skin is black,
Mine white.

He tries, oh, how he tries.
I cannot look — and yet
I cannot look away.
Is this how freedom flies
Through the growing corridors of youth?
The others run
And running is their play.
But this mere child, and such a child
Must live with truth:
For him it is a dream to walk.
He tries, My God, how wild
His movements are.
One foot and then the next —
Is this the way to stalk
The fantasies of joy?
Is this the face of life?
It cannot be . . . must never be
To capture just a boy.
That pair of crutches is his world
Those struggles are an open plea
For his feet cannot obey.
Look. He is hurled to the ground
The silent agony must storm
Within his crumpled form.
He tries — he lifts his head,
Gets up, defies the earth,
Continues on.
He is not free: can never be,
So watches others run instead.
But when the others laugh,
It is a raucous load.
He merely smiles, and yet
A thousand suns explode
For there is depth within his mirth.
He bears the patience of a man.
He can (indeed, to live, he must)
Forgive the open stares.
He knows the miracle of movement is
A slow — but sacred trust.
He stands while others fly.
He has an unseen strength
This crippled boy who will not cry.
He knows defeat,
Knows patience too; can cope
With more than obstacles of length.
Is this the joy of youth?
No, not the joy, the hope,
There is a vision in his eyes.
He is well equipped to be a man
This youth who tries.

GIRL'S SPORTS

EDITORIAL

The girls sports activities this year included inter-form deck tennis, volleyball, basketball, badminton, and track and field. We also participated in inter-school for all events except deck tennis and managed to place in two events in track and field. We are very proud of our inter-school teams, but co-operation in inter-school tournaments could stand a lot of improvement. There's no excuse for the number of defaults we had this year. There are some fine athletes in S.C.I. & T.S. who should come out next year and make our sports program a greater success.

GIRL'S SPORTS

G. A. A.

The Girl's Athletic Association has had an outstanding background through the years. In 1924, the first meeting of this organization took place. Every year since then the girls belonging to this group have met weekly throughout the school year to plan girls' sports for the coming years. It is, to any girl, an honour to be elected to this organization.

The girls that form our organization this year were chosen by Miss Downey and Miss Fenwick or volunteered for the work that the organization performs. In previous years the girls were elected by the students.

At our first meeting, the officers for 1964-65 were chosen and were as follows:

President — Penny Hardy, 12-A
Vice-President — Glenna Beauchamp, 12-A
Secretary — Joy Heather, C-11-B
Treasurer — Barb Garrett, 12-B

The other girls, although not holding executive positions, perform very important tasks as curators. These members are: Suzanne Mott, Ruth Heisler, Julia Brown, Barb Murray, Joanne Giesbrecht, Luba Palij, Elka Ramsden, Joyce Bruschetto, Tisa Trusdale, Pauline Johnson, and Sue Isom. This group of sports enthusiasts meet on Tuesday afternoons with the staff advisors, Miss Fenwick and Miss Downey.

A few tasks of the G. A. A. this year are: To help the teachers organize sports shcedules, to total the points of each girl who participates, to sponsor a dance, and to hold an inter-school sports tournament.

One of the major undertakings this year was a gym suit wash which was suggested by president Penny Hardy. This gave the "lazy" girls on opportunity to have the tedious task of washing and pressing suits turned over to our group for a small fee of ten cents. Thanks go to Penny for the great suggestion!

Although a lot of work is involved in the G.A.A., we do manage to have fun. On stage, Glenna Beauchamp bravely challenged the women teachers to a volleyball match. They accepted and "invited" two "foreign" assistants. We in turn suggested an addition of two players to our side, who looked lovely in our gym suits. (Right J. M. and J. H.?).

At this time all girls will look back on traditional week of the Posture Contest, scheduled in the week of April fifth. The G.A.A. went "wild" in judging and taking away the valuable S's, but after an exciting contest honours went to .....

The new experiment of choosing volunteers for this organization, rather than electing them, has proved to be successful. In past years the group perhaps lacked some of the ambition and enthusiasm of this year's G.A.G. Much of the success of this year's schedule and activities has been created by these girls, who also relieved the teachers of the details of organizing.

On behalf of the G.A.A., I would like to offer sincere thanks to Miss Fenwick and Miss Downey for their co-operation and help.

Joy Heather (Secretary)

CHEERLEADERS

S.C.I.T.S. Cheerleaders repeated last year's performance in boosting school spirit, and cheering our great team to winning position. Hearty yells and enthusiasm were a great step towards Bomber victory. After numerous trials eight of the many eager candidates were chosen under the selection of Miss Downey and Miss Fenwick. Including a few junior students, the team consisted of Janie Needham, Andrea Hadden, Joanne Dodds, Chris Walker, Erika Kerpa, Vivian Derby and Susanne Mott. Special mention is due to Janis Levan, who with the help of last year's leader, Maureen Fulcher, spent much time at practices and games, devoting time to new and lively cheers.

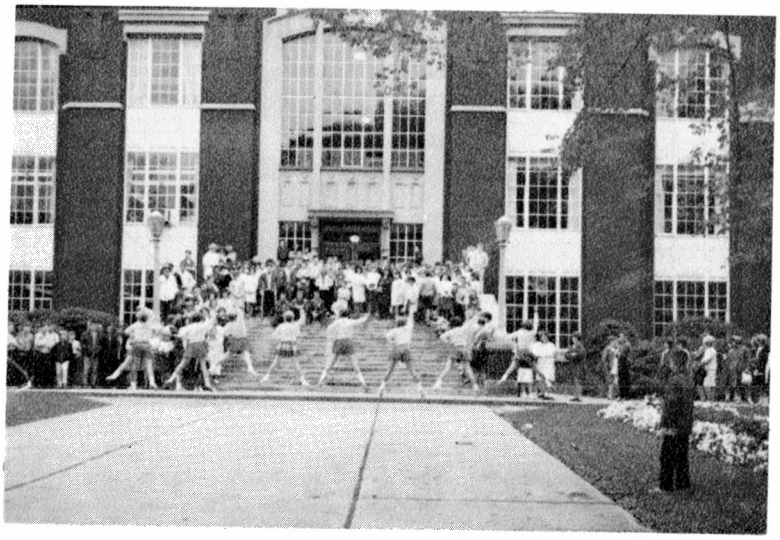

Congratulations go to the group itself for outstanding enthusiasm, actions and energy, throughout a season of sun, rain, cold and victory.

DECK TENNIS

Deck Tennis is possibly the only game that we have not "stolen" from boy's sports. Although never expanded to city competition, deck Tennis is a game girls enthusiastically support. Winner of the senior division was the team of 12-B-2 which defeated 5-11-D on October fourteenth with an exciting score of 15-13. With captain Lynne Swales, the team was made up by Cathy Ricketts, Joyce Prudom, Carol Lucas, Marilyn Rawson, Brenda Van Rooyen and Louise Reid.

Cynthia Dayman, Roseanne Dollaire, Trudy Soyko, Lynda Andrews, Janie Needham and Susan Walker composed the junior champion team of 5-10-B with captain Carol Cooledge.

VOLLEYBALL
Intra-Mural

Intra-Mural volleyball again provided excitement in the girls' gym at noon hour. 12-B-2, again claimed the senior inter-form championship. Congratulations go to Lynne Swales, captain, Cathy Ricketts, Joyce Prudom, Marilyn Rawson, Carol Lucas, Brenda Van Rooyen and Louise Reid.

Amongst the junior forms surprisingly, a grade nine team won. After the final game 5-9-B stood successful over 5-10-B with a team of Jane Hurst, Sheila O'Neill, Brenda Walters, Karen Clemens, Sharon Eby, Donna Adams, Lynn Callister, and captain Mary Daunt.

VOLLEYBALL
All-Star

The senior all-stars, chosen and coached by Miss Fenwick were more outstanding than the junior team, defeating St. Clair in two October exhibition games. With captain Linda Doile they placed a well-earned second in the tournament of October 31, losing only to our well-known competitor, Central, among city schools. Seniors of sixteen years and over: Marlene McGill, Elke Ramsden, Barb Lester, Lynne Swales, Mary Ashmore, Alice McKinnon, Marina Elzinga, Kathy Ricketts, Linda MacDonald, Gail Ryan and Pauline Sproule, made up the team.

Junior all-star try-outs began September 28, and after several weeks of trials, a junior team supervised by Miss Downey, was chosen. To begin the season, the junior team was defeated by St. Clair in a close exhibition game. The city tournament at St. Clair was the climax for all junior teams throughout Sarnia schools on November 7. St. Pat's team was victorious and our team placed fourth out of five schools, but at least defeated their former competitor, St. Clair. A good effort was put forward throughout the games and practices and enthusiasm was never lacking. The team consisted of captain Mary Ann Timmington, Lee Timmington, Susan MacKinnon, Jane Hurst, Wendy Murray, Mary Atkins, Ada Jackson, Marsha Pretty, Judy Smith, Roberta Swales, Jane Fraser and Joanne Pelletier.

The winning city teams then went on to battle in London competition.

CURLING

Curling competition, well-organized, and enthusiastically supported this year, consisted of a "round-robin" amongst Sarnia high-schools. After nine games, the top four teams played off for the trophy and prizes, presented at a banquet for all curlers, at the end of the season.

Some highlights of the year were the bonspiel sponsored by senior women curlers, and the W. O. S. S. A. competition held at Ivanhoe Curling Club in London. On March fifth and sixth, each school sent a chosen team to represent their school in Ontario finals. The S. C. I. T. S. team was made up by

Mrs. Roberts was the excellent staff advisor and coach, whose assistance was very much appreciated.

The girls' teams were: Sue Hale (skip), Anne Forbes, Bonnie Zinkie, Linda Gibbs, Suzanne Backman, (skip), Mary Wade, Joy Heather, Debbie Williams (skip), Suzanne Mott, Ruth McKegney, and Mary McAuley.

Debbie Williams represented S. C. I. T. S. on the Sarnia executive board.

ALL-STAR BASKETBALL

Physical Education teachers combined their efforts during the basketball season, to train only a Senior Girls All-Star Team. With captain Pauline Sproule, the team composed of Marina Elzinga, Barb Murray, Joanne Geisbrecht, Elke Ramsden, Ann Napp, Dorothy Neathway, Alice McKinnon, Mary Ellen Vince, Linda McDonald, Ruth Anne Chappell, Barb Garrett, Barb Lester and Linda Doyle.

Despite their efforts, the girls did not place significantly in city competition, but better luck in future attempts.

Sarnia Engulfed by Mysterious Fog

A thick, billowy cloud of smog settled down on the Chemical Valley yesterday making the area resemble a bit of old London. Traffic was slowed down to a crawl, paralyzing many industries as employees could not arrive at their jobs for several hours.

Investigations into the cause of the fog blanket were carried on by Inspector Hemlock Shenmes of the Sarnia Police Department.

Through many and complicated calculations the cause of the trouble was traced to S.C.I.T.S. The trail lead straight to the Men Teachers' Room — SOMEONE HAD NEGLECTED TO SHUT THE DOOR! Summing up all his courage, the Inspector grabbed the door know and pulled it shut.

For heroism beyond the call of duty, Inspector Shenmes will be awarded labenteen hero medals.

Mr. Hamilton: This is a deadly poisonous gas. What steps would you take if it escaped?
Rick Bywater: Long ones, sir, long ones.

No Accidents

No accidents were reported today in Sarnia yesterday, but three district youths were fatally injured when their vehicle went out of control and hit a pogo stick driven by Mike Milo. The pogo stick was unharmed.

"Have you seen Mary's new evening gown?"
"No, what does it look like?"
"Well, in most places it looks quite a lot like Mary!"

The School Song — as written in 1915's school "Collegiate"

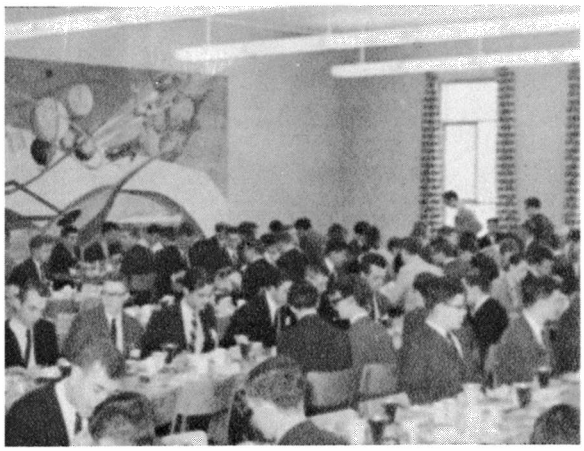

Students!
just imagine--

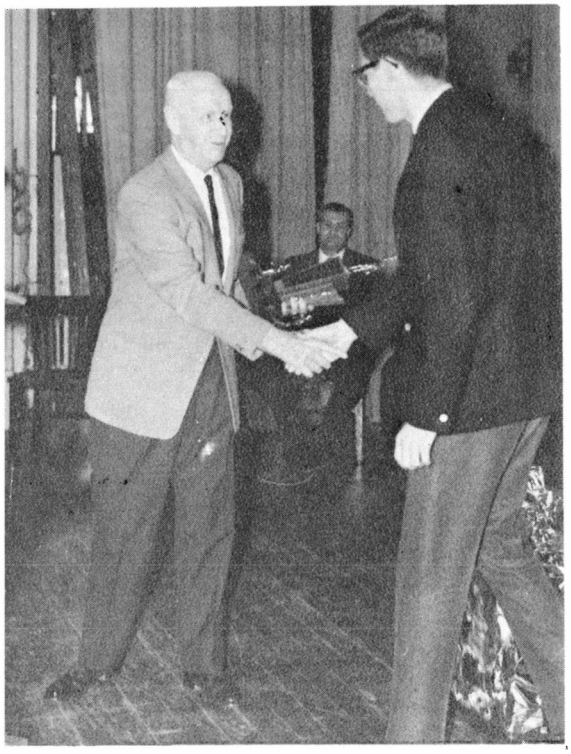

The Sarnia Collegiate Institute has no official song or yell. Did you ever think of that before? What school is truly alive without its official song or yell? We're alive. Did you say yes? Now listen, we are going to make an announcement. Please don't let get away from you.

"The Collegiate acting in unison with the Literary Society offers $5.00 in gold for the best school song. This will be adopted as official by the students and set to music. The competition is open from January 3rd till March 3rd, and should bring forth a big response. It will be judged by competitive judges chosen by the Literary Society from outside the school. Particulars will be posted before long on the bulletin boards. "The Collegiate" hopes every student will make a big effort to give the school a variety of songs and yells.
